

Errata

The dependence on the choice of a basic set of form factors of the Low amplitude for hyperon semileptonic decays, S.R. Juárez W., A. Martínez V. and A. García, *Rev. Mex. Fis.* **37**, No. 3 (1991) 452-460.

On page 455, footnote number two was omitted, by technical error. The footnote reads:

²This Eq. (18) is valid only when one SBFF is substituted in it, that from which it was derived. For different choices of SBFF's different results are obtained, as we shall see.
